SS26

Dear Partners,

Welcome to LITTLE LEGENDS, the Fantastic World of Jeune Premier. What if your school bag could unlock a whole new world?

For our back to school '26 collection, I wanted to create more than just backpacks. I wanted to build a universe. A theme park. A place where each print is an attraction, each detail a spark of magic. LITTLE LEGENDS is a celebration of childhood imagination — wild, bold, and bursting with adventure. As a mother of two teenage boys (12 and 16), life is anything but quiet. I'm constantly being thrown into the chaos of daily life, and honestly? That's where the best ideas live. In Spring '24, our family travelled to Florida — and while queuing for rides at theme parks like Islands of Adventure, I was suddenly struck by inspiration.

On Hagrid's Magical Creatures Motorbike Adventure, my mind raced to cobblestone classics and Flemish cycling pride. The result? King of the Cobbles — a lion-led race through our own heritage. On The Amazing Adventures of Spider-Man, I imagined our iconic feline friends leaping into superhero roles. Thus, Supercats was born.

My youngest son is obsessed with the Porsche 911 — sleek, fast, iconic. Naturally, we teamed up with Porsche for a design that fuses craftsmanship with high-octane cool. But every theme park needs snacks, right? Craving an ice cream? Say hello to Disco Dip. Stumbled upon a charming old bakery? That's Le Petit Chef. Candy apples shimmering in the sun? You've just found Berry Cute. And when it was time to cool off? Mermaids, of course. To wrap it all up, we wandered through an enchanted forest — and I found myself thinking of my boys when they were little, wide-eyed and full of wonder. That's how Magic Elf was imagined.

This collection is more than just bags — it's a journey. A park. A world. And I can't wait to take you there. Step into the Fantastic World of LITTLE LEGENDS — one park, endless worlds, all powered by imagination.

From one adventure to the next, with love,

Hélène Fransen
